## SUBJECT:

DoD Inspector General Request for Documents

## REFERENCE:

DIA Memorandum (U-008/RCC), Same Subject,  
Dated 12 January 1987

1. We will be happy to arrange briefings for the Defense Audit Service auditors on the utilization of DoD funds for the SAFE Project. In addition, our Deputy Inspector General for Audit can provide briefings on our internal audit of contract administration, if that would be helpful. It is not in keeping with Agency policy, however, to make our contracts and related documents available to non-Agency auditors even when contracting for work on behalf of another Federal Agency.

MEMORANDUM FOR THE DEPUTY DIRECTOR FOR ADMINISTRATION, CIA

SUBJECT: DoD Inspector General Request for Documents *Bill*

1. The Defense Audit Service (DAS) is conducting an audit of the Defense Intelligence Agency (DIA) concerning administrative control of funds. The audit staff has requested access to SAFE Contract Statements of Work for which DIA funds were provided in FY 1986 under MIPR HHM440-6-6412. The stated purpose of the request is the need to determine which DoD Appropriation should be used to fund DoD's portion of the work. The audit staff has also stated "we have no interest in CIA's management of the SAFE acquisition or its contracting procedures." Since CIA is the office of record for these documents, request your assistance in making these documents available to the DoD Inspector General team.

2. The team has also indicated that it may be necessary to have discussions with "responsible" officials who can explain what is being purchased and the benefits to be derived by DoD.

FOR THE DIRECTOR:

Deputy Director for  
Resources and Systems
